

## Staying Connected with Winners' Academy

Thursday, May 28, 2020

Hello everyone,

We hope you all are having a wonderful week! Cutting *builds handwriting muscles*. It allows a child to build up the tiny muscles in the palm of their hand with the continuous open and close of the hand. Cutting also *improve Eye-Hand Coordination*. In order to use scissors effectively, children have to use their vision, process what is seen, and move their hands to accomplish a task.

Our zoom meeting scheduled for Thursday, May 28, 2020 has been cancelled. You will be informed of the next zoom meeting soon.

We are pleased to inform you that Winners' Academy will re-open for the summer on July 6, 2020. Please email us at [thedirector@wacademyny.com](mailto:thedirector@wacademyny.com) for more info. & pre-registration packet. Or call Ms. DJ at 516-292-5050/ text 516-415-4920.

***In effort to implement social distance, SPACE WILL BE LIMITED!***

### Book of the week

Alphablocks - Spelling Adventures

### Verse of the Week

“With God All Things Are Possible”.

Matthew 19 verse 26

A Great Project to  
Keep Kids Busy,  
Happy, & Learning  
at Home or School

Young children should practice cutting with scissors every day.

Cutting practice is *essential "training"* for their young minds & bodies; and luckily for parents & teachers, this is an activity that most children *LOVE* to do.

The key is to find fun opportunities to integrate cutting practice into children's daily routines.

*Three Skill-Building Steps  
Bring These Seasonal Masterpieces Together:*

*Ice Cream Cone*

**1. COLOR**

**2. CUT**

**3. PASTE**
